This Critical Information Summary (CIS) sets out the important information you need to know about your plan. It covers things like the length of contract, how much you need to pay, what's included in your plans and what's not.

ABOUT THE SERVICE

Your plan gives you access to a high speed Broadband internet service with a monthly data allowance and landline phone service. This CIS sets out the pricing and special conditions that apply to your an ADSL Broadband 200GB Landline Bundle.

CONNECTION AND AVAILABILITY

This service may not be available in your area. You can confirm availability by calling us on 1800 100 800. If we are unable to connect your service you may cancel your order free of charge.

To use this service you will need an ADSL compatible router and landline telephone which can be purchased from us or we may include one as part of your plan.

You can use your own router and landline telephone provided it is compatible with the service. If we did not supply your router or landline telephone handset we cannot guarantee the reliability of the service and we will not be responsible for the configuration or ongoing maintenance of your devices.

LANDLINE CONNECTION CHARGES

If there is a working landline service at your premises and we can reconnect it without having a technician visit your premises, then you will be charged for an existing landline number reconnection.

If this is not possible a technician will be required to visit your premises and depending on the landline availability to your premises.the applicable connection type will be charged to your account.

CONNECTION TYPE	TIMEFRAME	CHARGE
Existing landline number reconnection	2 to 6 days	$59.00
Landline connection with a technician visit	5 to 15 days	$125.00
New landline connection with a technician visit and cabling work	5 to 15 days	$299.00

CONNECTION TIMEFRAMES

Once your application is accepted by us we will try to connect your service on the date you ask for however, this may not always be possible.

UPLOAD AND DOWNLOAD SPEEDS

ADSL provides maximum download speeds up to 20Mbps in selected areas and up to 8Mbps in many other areas but average speeds will be lower.

Actual speeds vary due to your distance from your local telephone exchange, your router and other equipment, the number of devices using the service, software and the way data is transmitted over your network. Devices connected by Wi-Fi may experience slower speeds than those connected by ethernet cable.

YOUR FIRST BILL

Pricing in this CIS is for a monthly full billing cycle. Your first bill will include your minimum monthly charge in advance and may also include activation charges and pro rata charges for part of the month if you started or changed your plan part way through a billing period.
