Communicate from anywhere on your device of choice

Designed for the way people work, our Cloud PBX phone system connects to your home or office phone, computer, iPhone or Android mobile phone, enabling you to communicate from anywhere, on your device of choice.

Cloud PBX plans

Plans start from $10 per month, with options to include calls or a phone, and there's no long term lock-in contract.

Cloud PBX Plan 10

$10 per month

Pay-as-you-go

- Cloud PBX phone system
- 1 x local phone number
- 4-digit extension number
- Calls charged at our standard rates

Cloud PBX Plan 20

$20 per month

Calls included

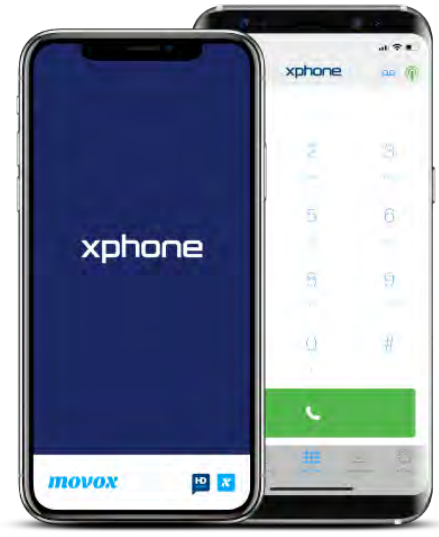

- Includes everything that's listed in our $10 plan, and
- Local calls, national calls and calls to mobiles are also included

Cloud PBX Plan 30

$30 per month

Calls and a phone

- Includes everything that's listed in our $10 & $20 plans, and
- Your choice of a Yealink or Grandstream standard IP phone

Mobile softphone

A softphone is a software application that replicates the features of a desk phone on your computer or mobile device.

The application uses your company phone number to make, receive and transfer calls from your mobile or computer, just like you were sitting at your desk.

Employees can continue to use their personal mobile phone whilst protecting their privacy and your business maintains its corporate image.

Entertain callers whilst on-hold

Professionally recorded messages will enhance your company's brand by conveying messages in a friendly, pleasant manner. You can use on hold messages and to promote new products and business developments, provide instructions, answer frequently asked questions and keep callers entertained whilst on hold.

Choose your voice artist

Male and female voice artists have clear enunciation and exceptional voice skills to convey your message in a friendly, pleasant manner.

Annual plans

Our recorded message plans are available on an annual subscription. With support included, we'll be available when you need to update a message or greeting, add new option, or change your opening and closing hours.
