Entertain callers whilst on-hold

Professionally recorded messages will enhance your company's brand by conveying messages in a friendly, pleasant manner. You can use on hold messages and to promote new products and business developments, provide instructions, answer frequently asked questions and keep callers entertained whilst on hold.

Choose your voice artist

Male and female voice artists have clear enunciation and exceptional voice skills to convey your message in a friendly, pleasant manner.

Annual plans

Our recorded message plans are available on an annual subscription. With support included, we'll be available when you need to update a message or greeting, add new option, or change your opening and closing hours.
