

This Critical Information Summary (CIS) sets out the important information you need to know about your plan. It covers things like the length of contract, how much you need to pay, what's included in your plans and what's not.

## ABOUT THE SERVICE

Your plan gives you access to our UNIVOX Cloud PBX service and standard Cloud PBX features. This CIS sets out the pricing and special conditions that apply to your UNIVOX 10 Cloud PBX Plan.

### CONNECTION AND AVAILABILITY

To use this service you need a suitable Internet service and router, an IP phone which can be rented or purchased from us or may be included as part of your plan.

You can use your own IP phone, Internet service and router provided they are compatible with our service. If we did not supply your IP phone, Internet service or router we cannot guarantee the reliability of the service and we will not be responsible for the configuration of your network and devices unless agreed in writing.

During a power or Internet outage you may not be able to receive or make calls including calls to Emergency '000' services. Please ensure you have access to a mobile phone service to dial emergency services.

### YOUR NETWORK, DEVICES & INTERNET SERVICE

Your Internet service, router, IP phone, mobile plan, computer and the way data is transmitted over your network may effect the performance of our voice services. You may need to adjust your network and devices to achieve optimal call quality.

### WHAT'S INCLUDED IN YOUR PLAN

- Cloud PBX phone system features;
- One (1) Australian 02, 03, 07 or, 08 phone number;
- One (1) 4-digit extension number.
